MONA MAGHRABY

Effect of a new antibiotic protocol adopted by ASU hospitals on patients with intra-medullary nailing of femoral and tibial diaphyseal fractures as regard post-operative infection

Thesis

Submitted for Partial Fulfillment of
Master Degree in Orthopedic Surgery

By

Mohamed Hamza Abuzaid

M.B.B.Ch

Faculty of Medicine – Ain Shams University

Under Supervision of

Prof. Dr. El Zaher Hassan El Zaher

Professor of Orthopedic Surgery

Faculty of Medicine - Ain Shams University

Dr / Mostafa Aly El Abd

Lecturer of Orthopedic Surgery

Faculty of Medicine - Ain Shams University

Faculty of Medicine - Ain Shams University

2021

Acknowledgments

First and foremost, I feel always indebted to Allah the Most Beneficent and Merciful.

Really, I can hardly find the words to express my gratitude to Prof. Dr. El-Zaher Hassan El-Zaher, Professor of Orthopedic Surgery faculty of medicine, Ain Shams University, for his supervision, continuous help, encouragement throughout this work and tremendous effort he has done in the meticulous revision of the whole work. It is a great honor to work under his guidance and supervision.

I can hardly find the words to express my gratitude to Dr. Mostafa Aly El-Abd Lecturer of Orthopedic Surgery, Faculty of Medicine, Ain Shams University for his continuous directions and meticulous revision throughout the whole work. I really appreciate his patience and support.

Finally, I dedicate this work to my family, without their sincere emotional support, this work would not have ever been completed.

Mohamed Hamza Abuzaid
