# Acknowledgement

*First of all, Thanks to ALLAH*

*I owe my greatest gratitude to my thesis supervisor, Dr. Rasha Ahmed Reda Masr, Professor of Medical Microbiology and Immunology for her patient guidance, enthusiastic and valuable critiques. Her advice and constructive suggestions carried me through all the stages of this research work, the completion of the study couldn't have been possible without her expertise.*

*I would like to express my great appreciation to Dr, Mona Adel Salah Khattab, Assistant Professor of Medical Microbiology and Immunology, for her kind guidance, encouragement and generous help during the planning and development of this research work.*

*I am immensely grateful to Dr. Nesma Gamal Ahmed El Sheikh, Lecturer of Geriatrics and Gerontology for his meticulous supervision, untiring guidance, participation and assistance until the work has been successfully fulfilled.*

*Finally, my cardinal thanks to My Family for providing me with unfailing support through the process of researching and writing this thesis. This accomplishment would not have been possible without them.*
