بسم الله الرحمن الرحيم

وَمَا يَنْفَعُنِي الْإِلَهُ بَشَرًا

And my success is not but through Allah

صدق الله العظيم

(سوره هود: ٨٨)

Acknowledgment

I would like to express my deepest thanks and sincere appreciation to Dr. Amira Saad Badran, Associate professor of Pediatric Dentistry and Dental Public Health, Faculty of dentistry, Ain Shams University for her great efforts, real support, constructive comments and valuable guidance throughout the course of this work. I would also like to thank Dr Gehan Gaber Allam, Associate Professor of Pediatric Dentistry and Dental Public Health, Faculty of Dentistry, Ain Shams University for her tremendous efforts and massive support. Finally, I would like to express my thanks to all professors and colleagues in Pediatric Dentistry and Dental Public Health Department, Faculty of Dentistry, Ain Shams University for their continuous support and cooperation.

Dedication

This study is whole heartedly dedicated to my beloved father, who has been my source of inspiration and gave me strength when I thought of giving up, who continually provide his moral, spiritual, emotional, and financial support. To my brothers and sister for their encouragement. To my beloved husband for his unconditional love and support he provided me to finish this study. And last but not least for my lovely son Omar.
