ACKNOWLEDGMENT

ACKNOWLEDGMENT

Praise be to *ALLAH*, the Merciful, the Compassionate for all the countless gifts I have been offered. Of these gifts, those persons who were assigned to give me a precious hand so as to be able to fulfill this study.

I would like to express my deepest gratitude to *Prof. Wagdy Galal*, *Professor of Cardiology, Ain Shams University* for his moral support, guidance, and encouragement in all steps of this work.

I am lucky to be supervised and directed by *Prof. Yehia Kishk*, *Professor of Cardiology*, *Assiut University* for offering continuous expert advice and help throughout this work.

Moreover, no words can express my deep sincere feelings towards *Prof. Mervat Aboutmanty, Professor of Cardiology, Ain Shams University* for her indispensable guidance, supervision, advice, encouragement and kindness. She kindly offered a lot of precious time for revising all parts of this thesis.

I would like to express my deep sincere thanks to all the staff members of the electrophysiology working team, electrophysiology technicians and nursing staff at electrophysiology laboratory, Cardiology Department, Ain Shams University who offered a great help in the practical part of this thesis.

I would like to thank all the staff members and my colleagues in Cardiology department, Assiut University for their help, cooperation and support throughout this work.

Lastly, 1 give especial thanks for the great support of my wife, Dr. Eman Sayed, assistant lecturer of physiology, Assiut University, for her help throughout this work.
