## ACKNOWLEDGMENT

First, praise be to” Almighty ALLAH” to whom I relate any success in achieving any work in my life.

My deep thanks and everlasting gratitude go to **Prof. Magda Hassan Abdul Aziz Rady**, Professor of Entomology, Faculty of Science, Ain Shams University for her suggestion of the point, help, valuable advice, keen supervision, encouragement and supplying all facilities offered during the investigation and reviewing this manuscript.

It is great pleasure to express my deep thanks and sincere gratitude to, **Prof. Bouthaina Adel Merdan** Professor of Entomology, Faculty of Science, Ain Shams University for her continuous supervision, helpful suggestion, reading the manuscript, criticizing the results. Also, she was after every step by her enthusiastic guidance and her continuous encouragement which made this work possible.

It is great pleasure to express my deep thanks and sincere gratitude to, **Associate Prof. Fatma Ali Ibrahim** Professor of Entomology, Faculty of Science, Ain Shams University and **Dr. Ali Fahmy Mohamed** Ex-Head of R&D sector VACSERA for their supervision.

Thanks to **Prof. Hatem Abdel Fattah Mohamed** Entomology Department, Faculty of Science, Ain Shams University, Cairo, Egypt for offering laboratory facilities.

I am greatly thankful for **Dr. Thrawat Abdallah Selim**, Doctor of Entomology, Faculty of Science, Al- Azahr University for his help with practical part of the work.
