لسببائك لا علم لنا
إلا ما علمتنا إنك أنت
العليم العظيم

صدق الله العظيم

سورة البقرة الآية: ٣٢

Acknowledgments

*First and foremost, I feel always indebted to **Allah**, the **Most Beneficent and Merciful** who gave me the strength to accomplish this work,*

*I would like to express my deepest gratitude and appreciation to **Prof. Dr. Omayma Abu Bakr**, Professor of Psychiatric Health Nursing Department Faculty of Nursing, Ain Shams University, for her continuous observation, continuous encouragement and constructive criticism that facilitated the direction for true and good work for me.*

*It is great pleasure to thank **Dr. Hanaa Ezz Eldin Prince**, Lecturer of Psychiatric Health Nursing, Faculty of Nursing, Ain Shams University, for her kind supervision, continuous support and wise guidance that helped me to accomplish this work,*

Also, I would like to thank the parents of enuretic children for their cooperation during the conduction of this study.

Last but not least, my great appreciation goes to all who helped me in completing this work,

*✍ **Nora Mohamed AbdElrazik Khalil***
