Acknowledgments

All thanks to Allah almighty who enabled me to achieve such research and degree. Who blessed me with endless blessings and surrounded me with astonishing people.

I would like to express my gratitude to my parents who always give me endless support, to my brother and sister, who will always be my friends no matter how far they are, to my wife and my son, thank you for your continuous aid and support, to all who taught me anything in my life, to my true friends who I have and who I didn't meet yet, to all people who wished me success and to all family and friends who I wished they could share these moments with me, to my grandparents and to my friend Islam.

I also would like to express my deep and sincere gratitude to my research supervisors Dr. Ahmed Abdel Ghaffar and Dr. Doha Magdi, thank you for your support, your patience, and your encouragement.
