ACKNOWLEDGEMENTS

ACKNOWLEDGEMENTS

All gratitude is due to **ALLAH**, Most Gracious, Most compassionate who helped me to complete this thesis.

I would like to express my immense gratitude and appreciation to **Prof. Dr. Atef Hassan Sabet**, Ex. Vice chairman of the Egyptian geological survey and mining authority, **Prof Dr. Mohammed Ahmed Shaaban** Geology department, Faculty of Science, Zagazig University, Assistant **prof. Sayed Abu-Deif Azzaz**, Geology department, Faculty of Science, Zagazig University and Assistant **Prof. Galal Abdel-Fattah Hassan**, Geology department, Faculty of Science, Asiut University, for their joint supervision, guidance, valuable discussions and great help during the progress of the present work and preparation of the present thesis.

Mohammed Fahmy Emam

The image shows a book cover with a textured, woven fabric-like background. A central, white, rounded rectangular label is positioned horizontally across the middle. The label has a thin black border. The word "CONTENTS" is printed in a bold, black, serif font, centered within the label. The background is divided into vertical sections by thin, dark lines, creating a striped effect. The overall appearance is that of a vintage or classic book cover.
