**THE EFFECT OF SOME FOODS ON
THE LEVEL OF URIC ACID IN
BLOOD SERUM (IN RATS)**

BY

MOHAMED SALEH MOHAMED ISMAIL

M. Sc.

NUTRITION AND FOOD SCIENCE DEPARTEMENT

FACULTY OF HOME ECONOMICS

MENOUFIA UNIVERSITY

1994

THESIS

SUBMITTED IN PARTIAL FULFILMENT OF THE

REQUIREMENT FOR THE DEGREE

OF

DOCTOR OF PHILOSPHY

IN

NUTRITION AND FOOD SCIENCE DEPT.

FACULTY OF HOME ECONOMICS

MENOUFIA UNIVERSITY

1997

Signature

UNDER THE SUPERVISION

Title of Thesis : The Effect Of Some Foods On The Level Of
Serum Uric Acid (In Rats)

Degree : Ph.D. Degree in Nutrition and Food Science

Name of Student : Mohamed Saleh Mohamed Ismail

UNDER THE SUPERVISION OF:

PROF. DR/ ATIAI MOHAMED EL BAHAY

Prof. of Nutrition and Food Science Dept. and
Former- Dean of Faculty of Home Economics
Hellwan University

PROF. DR/ MOHAMED SAMIR EL- DASHOUTY

Prof. of Nutrition and Food Science Dept. and
Former- Dean of Faculty of Home Economics
Menoufia University

DR. / SOHAIR ABD EL HAMID SALEH

Assistant Prof. of Physiology Dept.
Head in Charge of Physiology Dept.
Faculty of Medicine
Menoufia University

APPROVAL SHEET

Title of Thesis : The Effect Of Some Foods On The Level Of Serum Uric Acid (In Rats)

Degree : Ph.D. Degree in Nutrition and Food Science

Name of Student : Mohamed Saleh Mohamed Ismail

This Thesis Has Been Approved by:

Prof. Dr.

Aliok M. El Bahary

Prof. Dr.

A. Daff

Prof. Dr.

M. M. El-Sayed

Prof. Dr.

Shari Saleh

Prof. Dr.

6/ - 11

Committee in Charge

ate / / 1997

ACKNOWLEDGMENT

I wish to express my hearty appreciation and sincere gratitude to Prof. Dr./ Mohamed Samir El Dashlouty Prof. of Nutrition and Food Science and Former Dean of Faculty of Home Economics, Menoufia University for his supervising this work and for his significant advice and criticism in the preparation of the thesis.

My sincere gratitude and indebtedness are due to Prof. Dr. / Atiat Mohamed El Bahay Prof. of Nutrition and Food Science, and Former Dean of Faculty of Home Economics, Hellwan University for her interest indispensable advice and valuable comments.

My sincere gratitude are due to. Dr. / Soheir Abd El Hamid Saleh Assist. Prof. of and Head in Charge of Physiology Dept. Faculty, of Medicine Menoufia University for her interest indispensable advice and valuable comments, along with her kind encouragement.

LIST OF ABBRIVATION

<i>AMP</i>	ADENOSINE MONOPHOSPHATE
<i>ANOVA</i>	ANALYSIS OF VARIANCE
<i>ATP</i>	ADENOSINE TRIPHOSPHATE
<i>BMI</i>	BODY MASS INDEX
<i>DNA</i>	DEOXYRIBONUCLIC ACID
<i>FE</i>	FRACTIONAL EXCRETION
<i>GMP</i>	GUANOSINE MONOPHOSPHATE
<i>GTP</i>	GUANOSINE TRIPHOSPHATE
<i>IMP</i>	INOSINE MONOPHOSPHATE
<i>LSD</i>	LEAST SIGNIFICANT DIFFERENCES
<i>MSU</i>	MONO SODIUM URATE
<i>RNA</i>	RIBONUCLIC ACID
<i>SCR</i>	SERUM CREATNINE
<i>SUA</i>	SERUM URIC ACID
<i>SU</i>	SERUM UREA

LIST OF CONTENT

<u>INTRODUCTION</u>	1
<u>AIM OF THE STUDY</u>	3
<u>REVIEW OF LITERATURE</u>
<u>URIC ACID</u>	4
<u>SOURCES OF URIC ACID</u>	4
