Acknowledgement

I am deeply thankfull to God, by the grace of whom, this work was possible .

I would like to express my sincere apperciation and gratitude to Prof. DR. Ezzat Mohamed Sabet , Professor of Prosthodontics, Faculty of Oral and Dental Medicine , Cairo University, for his valuable precise supervision throughout my work.

I am greatly indebted to Dr. Adel Mostafa Abd El-Monem , Associate professor of Prosthodontics, Faculty of Dentistry, Suez Canal University, for his continous help all over the study and continous encouragement, without his support, guidance discussions and comments, this work would not have reached its final stages of completion.

Finlly, hearty and grateful thanks are due to my family for their encouragement and patience.
