ASSESSMENT OF THE NUTRITIONAL STATUS FOR THE WORKERS IN SOME FAYOUM GOVERNORATE FACTORIES

By

Fatma Mohammed Monir Abd – Al Gwad Al- Sebae

B.Sc. In Nutrition and Food Science,
Faculty of Home Economics, Helwan University
1991

Demonstrator of Nutrition and Food Science, Faculty of Specific
Education, Cairo University

Thesis

Submitted to Faculty of Home Economics
In Partial Fulfillment of The Requirements
For the M.Sc. Degree in Nutrition and Food Science

**Faculty of Home Economics
Minufiya University**

1999

UNDER SUPERVISION OF

PROF. DR. MOHAMED MOUSTAFA EL SAYED

**Dean of Faculty of Home Economics
Minufiya University**

PROF. DR. MOHAMED SAMIR EL-DASHLOTY

**Professor of Nutrition and Food Science
Minufiya University**

PROF.DR. SONIA SALEH EL-MARASY

**Professor of Nutrition and Food Science
Helwan University**

Acknowledgment

I wish to express my hearty appreciation and sincere gratitude to Prof. Dr. Mohamed Moustafa EL Sayed, Dean of Home Economics, Faculty of Home Economics, Minufiya University, for his supervising this work and for his significant advice and criticism in the preparation of this thesis.

My sincere gratitude and indebtedness are due to Prof. Dr. Mohamed Sameir EL-Dashloty, Professor of Nutrition and Food Science, Faculty of Home Economics Minufiya University for his interest indispensable advice and valuable comments.

My sincere gratitude are due to Prof. Dr. Sonia Saleh El-Marasy, Professor of Nutrition and Food Science, Faculty of Home Economics , Helwan University for her interest indispensable advice and valuable comments.

APPROVAL SHEET

Title of thesis : Assessment of the nutritional status for the workers In some Fayoum governorate factories.

Degree : M.SC. of Nutrition and Food Science.

Name of Student : Fatma Mohamed Monier Abd-Al Gwad El- Sebae

This thesis of the M. SC. Degree has been approved by :

Prof. Dr. *Samira Karol*

Prof. Dr. *Abdel R. M. Ali*

Prof. Dr.

Prof Dr. *M. M. El-Sayegh*

Prof Dr. *Sonia EL Moutary*

Committee in Charge

LIST OF ABBREVIATION

AC	Arm circumference
AMC	Arm muscle circumference
BMI	Body Mass index
BMR	Basal Metabolic Rate
cm	centimeter
EE	Energy and Expenditure
FAO	Food and Agriculture Organization
HB	Hemoglobin
HB-P	Hemoglobin percent
HDL	High Density Lipoproteins
HT-P	Hematocrit percent
Ht	Height
ICSH	International Committee for Standardization in Haematology
INFS	Institute of Nutrition and Food Sciences
K	Potassium
Kcal	Kilo calorie
Kg	Kilogram
LDL	Low Density Lipoproteins
m	Meter
Mg	Magnesium
mm	millimeter
MMWR	Mortality and Morbidity Weekly Report
Na	Sodium
NOSH	National Institute of Occupational Safety and Health.
RDA	Recommended Dietary Allowance
RDI	Recommended Dietary intake
REE	Resting energy expenditure
SD	Stander Deviation
T	Test
TEE	Total energy expenditure
Tlco	Transfer lung factor for carbon
TSF	Triceps skinfola thickness
UNU	United Nation University
WHO	World Health Organization
Wt	Weight
Zn	Zinc

LIST OF CONTENTS

Subject	Page
Introduction	1
Aim of work	3
Review of Literature.....	4
1. Occupational health and nutrition	4
2. The relationship between health of workers and productivity.....	5
3. Recommended dietary allowances	7
• Energy	7
• Protein.....	10
• Fat	11
• Minerals	12
• Vitamins.....	12
4. Nutritional status of industrial workers	13
• Food intake	14
• Anthropometrec measurements	19
• Socio economic status	23
• Anemia.....	24
• Food habits.....	26
• Smoking cigarettes	29
5. Factors affecting workers nutrition :	31
• Income and the quality of diets	31
• Work shift	32
• Place of meal	32

6. Effects of heavy work.....	34
• Positive effects.....	34
• Negative effects	36
7. Occupational safety and health.....	36
• Workplace	37
Materials and methods.	41
Results and discussion	46
Recommendations	137
Summary	138
