## ***Acknowledgement***

First of all, endless praise and grateful thanks to **ALLAH** who guides and helps me to finish this work.

I'm deeply grateful to **Ass. Prof. Dr. Dahlia Ghazy Mohamed Rateb**, Assistant Professor of Oral Biology, Faculty of Dentistry, Ain Shams University, for her valuable and considerable guidance. Her deep knowledge and contributions with her constant follow up have made this work fulfilled.

Also, special thanks and gratitude to **Dr. Safaa Ismail Hussein**, Lecturer of Oral Biology, Faculty of Dentistry, Ain Shams University, for her enormous help, guidance, support and encouragement throughout the course of this work.

I would like to thank all members of Oral Biology department, Faculty of Dentistry, Ain Shams University.

## ***Dedication***

***To my dear parents and sweet brothers,***

***To my lovely supporting husband,***

***To my adorable kids Yara and Yassin,***

***To my loyal and supportive friends,***

***And to anyone who had given us a sincere supportive word  
one day.***

***Thank you all for being there for me.***
