Thesis

Submitted in Partial Fulfillment of the Requirements of the M.D. Degree
in "Orthopaedic Surgery"

By

Muhammad Abdel-Moneim Quolquela
Assistant Lecturer Of Orthopaedic Surgery.
Faculty of Medicine, Tanta University

SUPERVISORS

Dr.

Muhammad Shafeik Saeed, M.D.
Vice President of Tanta University
& Professor of
Orthopaedic Surgery,
Faculty of Medicine,
Tanta University

Dr.

Mamdouh Foad Lasheen, M.D.
Professor of
Orthopaedic Surgery,
Faculty of Medicine,
Tanta University

Dr.

Mustafa Hussein Hegazy, M.D.
Professor of
Orthopaedic Surgery,
Faculty of Medicine,
Tanta University

Dr.

A. Lee Osterman, M.D.
Professor of
Hand Surgery,
Thomas Jefferson University,
Philadelphia - U.S.A.

Faculty of Medicine
Tanta University

(2003)

NOTICE

Medicine is an ever-changing field. Standard safety precautions must be followed, but as new research and clinical experience broaden our knowledge, changes in treatment modalities become necessary or appropriate. The authors of this thesis have checked with sources believed to be reliable in their sincere efforts to provide information that is complete and generally in accord with the standards accepted at the time of publication. Readers of this thesis are encouraged to check and confirm the information contained herein with other sources as it is the sole responsibility of the treating physician relying on his/her own experience and knowledge of the patient to determine dosages of drugs and the best line of treatment whether operative or conservative for his/her patient. However in view of the possible human error or changes in medical sciences, neither the candidate nor any of the supervisors of this thesis warrants that the information contained herein is in every respect accurate or complete, and they disclaim all responsibility for any errors, damage to properties or personnel that result from use of the information contained in this work.

AMPUTATION**

M.D. THESIS

With the hand a laborer supports a family,

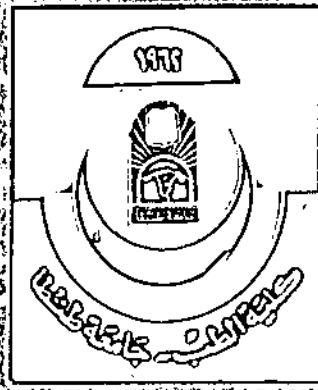

Parents love and care for a baby,

A musician plays a sonata,

A blind reads,

A deaf talks.

Richard I Burton, 1985

ANALYSIS OF SURGICAL TECHNIQUES AND

FUNCTIONAL RESULTS OF DIGITAL REPLANTATION

FOLLOWING TRAUMATIC AMPUTATION

Assistant Lecturer of Orthopaedic Surgery,
Faculty of Medicine, Tanta University

2003

DEDICATIONS

To my parents, my first teachers in life.

To my family; *Yahia, Azeez, Abdel-Moneim and Amany* for their love and understanding.

To my colleagues and teachers in orthopaedics especially Professor *Yahia Wafa*, Chairman of Orthopaedic Department, Tanta University for his continuous support and guidance. Also, I am deeply indebted to Professor *Abdullah Hawaam*, Chief of Unit "C" in the same department for his sympathy and good manners.

To those interested in Hand Surgery, at all levels in their quest for knowledge.
