“Immediate Implant Placement in the Esthetic Zone Using the Partial Extraction Therapy Protocol: A Systematic Review”

A Thesis submitted to the Faculty of Dentistry,
Ain Shams University
In Partial Fulfilment of the Requirements for the Master’s Degree in Oral &
Maxillofacial Surgery

Presented By:

Ahmed Sherif Hassan Mohamed Attia

B.D.S. 2014
Misr International University

Supervisors

Prof. Mohamed Diaa Zien El-Aabdin

Professor
Department of Oral and Maxillofacial Surgery
Faculty of Dentistry, Ain Shams University

Prof. Ahmed Esmat El Sayed Aly Shoman

Professor
Department of Community, Environmental and Occupational Medicine
Faculty of Medicine, Ain Shams University

Dr Moustafa Mohamed Taha

Lecturer
Department of Oral and Maxillofacial Surgery
Faculty of Dentistry, Ain Shams University

2019

Acknowledgment

*First and foremost, I thank **ALLAH** to whom I relate any success in achieving any work in my life.*

I would like to extend my gratitude to all of the faculty and staff in the Department of Oral and Maxillofacial Surgery at Faculty of Dentistry, Ain Shams University.

Special recognition goes to the following individuals:

Dr. Mahmoud Yehia, Lecturer Of Oral and Maxillofacial Surgery. Faculty of Dentistry, Ain Shams University.

Dr. Omnia Adel Mohammad, Lecturer Of Oral and Maxillofacial Surgery. Faculty of Dentistry, Ain Shams University.

Dr. Mahmoud Abdel Aziz, Lecturer Of Oral and Maxillofacial Surgery. Faculty of Dentistry, Ain Shams University.

Dr. Yasser El Hadidi, Lecturer Of Oral and Maxillofacial Surgery. Faculty of Dentistry, Ain Shams University.

Dr. Hossam El-Dien Hany Assistant Lecturer Of Oral and Maxillofacial Surgery. Faculty of Dentistry, Ain Shams University.

Dr. Reem Mahmoud, Assistant Lecturer Of Pedodontics. Faculty of Dentistry, British University in Egypt.

Ahmed Attia

Dedicated to

,My Mother and Father

I am eternally grateful for. None of this would have been possible without their love and support. It is because of their guidance and example that I am who I am today.

,My Brother Hassan

who always believed in me, thank you for your unconditional support and encouragement.

My Fiancée Sara,

for her love, encouragement and support during the sleepless nights writing this thesis.

To my family, friends and colleagues, for their continuous help and care

Table of Contents

Chapter	Page number
Acknowledgment	-
Dedication	-
List of Abbreviations	III
List of tables	IV
List of Figures	V
Introduction	1
Review of Literature	3
Aim of the Study	32
Material and Methods	33
Results	40
Discussion	56
Summary	68
Conclusion	70
Recommendation	71
References	72
Arabic Summary	

List of Abbreviations

RST	Root Submergence Technique
LPB	Labial Plate of Bone
IIP	Immediate Implant Placement
DBBM	Deproteinized Bovine Bone Mineral
PES	Pink Esthetic Score
BIC	Bone to Implant Contact
GBR	Guided Bone Regeneration
CBCT	Cone Beam Computed Tomography
BG	Bone Graft
KM	Keratinized Mucosa
GB	Gingival Biotype
EMD	Enamel Matrix Derivative
PET	Partial Extraction Therapy
RCT	Randomized Clinical Trial

List of Tables

Table number	Table title	Page
1	Partial Extraction Therapies (PET) and their Indications	31
2	Pink Esthetic Score	45
3	Basic Characteristics of the included studies	46
4	Methodology and Results of the included studies	47
5.A	Risk of Bias table “Bramanti 2018”	50
5.B	Risk of Bias table “Bissar 2017”	51
5.C	Risk of Bias table “Ali 2016”	52

List of Figures

Figure number	Figure Title	Page
1	Histologic Section presenting Bundle Bone	10
2	Illustration of different Partial Extraction Therapies (Bucco-palatal cross sectional view)	22
3	Illustration of different Partial Extraction Therapies (axial sectional view)	22
4	Technique: A chamfer diamond bur can be used to separate the crown (Decoronation).	26
5	A chamfer diamond bur was used to separate the facial root portion from the proximal and palatal root surfaces.	26
6	Root tip forceps used to remove the palatal root fragment.	27
7	The implant in situ.	27
8	Multiple Partial Extraction Therapies in the same patient.	30
9	Study Flow diagram	41
10	Pink Esthetic Score variables	45
11	Risk of bias graph (Percentage)	53
12	Risk of bias summary	54
13	Preparation Steps for Socket Shield Technique	66
