*ECOLOGICAL STUDIES
ON THE FRESH WATER ALGAE
AND TOXINS IN ISMAILIA WATER BODIES*

THESIS

Submitted in partial Fulfillment of
the Requirements for the degree

OF

Master of Science

(BOTANY)

BY

ABIER SHAKER AMIN

B.Sc. (1988)

To

SUEZ CANAL UNIVERSITY

FACULTY OF SCIENCE

BOTANY DEPARTEMENT

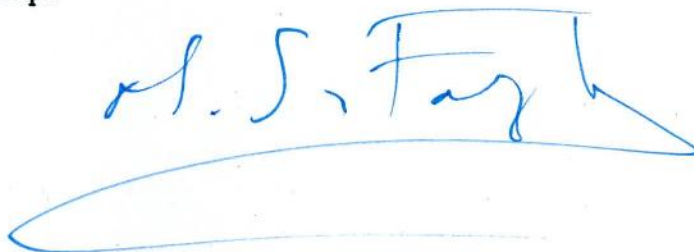

1995

ECOLOGICAL STUDIES ON THE FRESH WATER ALGAE AND TOXINS IN ISMAILIA WATER BODIES

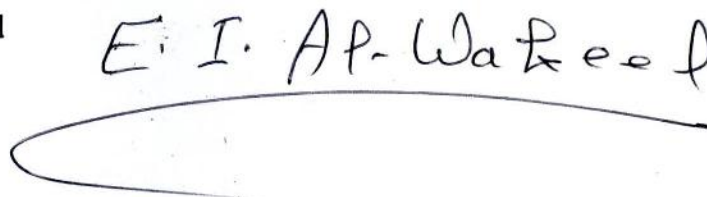

Supervisors:

Signature

- 1- Dr. Mohamed Elsaid FARGHALY
Ass. Professor, Marine Sciences Dept.
Faculty of science
Suez Canal University

- 2- Dr. El Sayed Ismail AL-Wakeel
Lecturer of Physical Chemistry
Faculty of Science
Suez Canal University

Thesis Examiners

Prof. Dr.

EZZAT A. IBRAHIM

Director of Inland Water & Fish Culture Branch
of National Institute of Oceanography and Fisheries.

Prof. Dr.

HESIN ABD-ELSHAFY

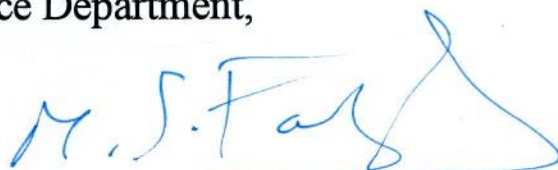

Prof. in National Research center,
Cairo.

Dr.

MOHAMED EL-SAID FARGHALY

Ass. Prof. - Marine science Department,
Faculty of science,
Suez Canal University.

*This thesis has not been previously
submitted for any degree at this
or at any other University*

Signed
ABIER SHAKER AMIN

ACKNOWLEDGEMENT

First of all I would like to thank God for uncounted helps and gifts in performing this study.

*I am greatly indebted to **Dr.M. EL-SAID FARGHALY**, Assistant Prof. of Marine Biology, Marine Sciences Department, Faculty of Science, Suez Canal University, for suggesting the topic of this research, direct supervising, for his continuous encouragement, and for providing all the necessary facilities and fruitful advises throughout the course of this work.*

*I wish to express my thanks to **Dr. EL-SAYED ISMAIL AL-WAKEEL**, Lecturer of Physical Chemistry, Faculty of Science, Suez Canal University, for his sharing in supervising this work and for his valuable help and encouragement.*

*A special word of gratitude is expressed to **Dr.I.M.H. EL-MANAWY**, Lecturer of Marine Botany, Botany Department, Suez Canal University, for his valuable help and discussions during the preparation of this manuscript.*

*Sincere thanks are due to **Dr. OLA EZZ EL DIN TAHA**, Researcher in the inland water laboratory, Zamalek station for the help given in the confirmation of the identification of some fresh water species.*

*Thanks to **Prof. Dr. MOHAMED H. MANSSOUR**, Head of Botany Department, Faculty of Science, Suez Canal University and all staff members, for facilities during the investigation.*

*All thanks are due to my colleagues at the Toxicology Center, Fac. of Sci, Suez Canal Univ., for their helps and especially to **Prof. DR. EZZ EL-DIN SALEM** Head of the Toxicology Center.*

1. Introduction.....	1
1.1. Aim of the work.....	2
1.2. Literature review.....	3
2. Materials and Methods	9
2.1. Study area.....	9
2.1.1. Ismailia Canal.....	9
2.1.2. Drains.....	11
2.1.3. Water treatment supply plant....	11
2.2. Sampling sites.....	12
2.3. Collection and preparation of samples.....	13
2.4. Hydrography.....	14
2.4.1. Temperature.....	14
2.4.2. Chemical oxygen demand.....	14
2.4.3. Dissolved oxygen.....	15
2.4.4. pH (Hydrogen ion concentration).....	16
2.4.5. Alkalinity.....	16
2.4.6. Conductivity.....	17
2.4.7. Salinity.....	18
2.4.8. Turbidity.....	18
2.4.9. Total solids	18
2.4.10. Nutrients; ammonium , nitrite , orthophosphate , organic <i>Phosphate and reactive silicate</i>	19

2.4.11. Heavy metals.(copper).....	24
2.5. The fresh water algae.....	24
2.5.1. Qualitative analysis; <i>sampling, preservation,</i> <i>settling and species identification</i>	24
2.5.2. Quantitative analysis; counting method.....	26
3. Results	28
3.1 Hydrography.....	28
3.1.1. Air and water temperature.....	28
3.1.2. Chemical oxygen demand.....	32
3.1.3. Dissolved oxygen.....	35
3.1.4. pH (Hydrogen ion concentration).....	38
3.1.5. Alkalinity.....	38
3.1.6. Conductivity.....	43
3.1.7. Salinity.....	43
3.1.8. Water turbidity.....	48
3.1.9. Total solids	51
3.1.10. Nutrients; ammonium , <i>nitrite, orthophosphate,</i> <i>organic phosphate and reactive silicate</i>	51
3.1.11. Heavy metals;(copper)	69
3.2. The fresh water algae.....	71
3.2.1. Species composition, in Chlorophyta, Cyanophyta, Chrysophyta and dinoflagellates.....	71
3.2.2. Monthly variations.....	78
3.2.3. Distribution of phytoplankton at different stations	92
