List of Abbreviations

<i>Abbr.</i>	<i>Full-term</i>
AA	: Acute Appendicitis .
AAS	: Adult Appendicitis Score .
AIR	: Appendicitis Inflammatory Response.
AS	: ALVARADO score .
CaS	: Carcinoid syndrome.
CRP	: C-Reactive protein.
CT	: Computrized Tomography.
LA	: Laparoscopic appendectomy.
MRI	: Magnetic resonance imaging.
NANETS	: North American Neuroendocrine Tumor Society.
NRIC	: National Registration Identity Card.
NSQIP	: National Surgical Quality Improvement Program .
OA	: Open appendectomy.
PAS	: Paediatric Appendicitis Score .
PMP	: Pseudomyxoma peritonei.
RIPASA	: Raja Isteri Pengiran Anak Saleha Appendicitis .
WBC	: White Blood Cell.

List of Tables

Table No.	Title	Page No.
Table (1):	Comparison between open appendectomy and laparoscopy appendectomy according to demographic data.....	51
Table (2):	Comparison between open appendectomy and laparoscopy appendectomy according to co-morbidities.	53
Table (3):	Comparison between open appendectomy and laparoscopy appendectomy according to operative time (min).	54
Table (4):	Comparison between open appendectomy and laparoscopy appendectomy according to post-operative pain score.	56
Table (5):	Comparison between open appendectomy and laparoscopy appendectomy according to postoperative complications.	57
Table (6):	Comparison between open appendectomy and laparoscopy appendectomy according to post-operative recovery.	58
Table (7):	Comparison between open appendectomy and laparoscopy appendectomy according to cosmesis.	60

List of Figures

Figure No.	Title	Page No.
Figure (1):	The blood supply of the caecum and vermiform appendix.	6
Figure (2):	Various positions of the vermiform appendix	7
Figure (3):	Picture showing ligation of meso appendix.	42
Figure (4):	Picture showing ligation of the appendix.....	42
Figure (5):	Picture showing closure of appendectomy wound.	43
Figure (6):	Picture showing creation of pneumo-peritoneum by Veress needle method.	46
Figure (7):	Picture showing 3 ports positions.....	46
Figure (8):	Picture showing dissection of the mesoappendix.	47
Figure (9):	Picture showing ligation and division of the appendix.	47
Figure (10):	Bar chart between open appendectomy and laparoscopy appendectomy according to sex.....	52
Figure (11):	Bar chart between open appendectomy and laparoscopy appendectomy according to age.....	52
Figure (12):	Bar chart between open appendectomy and laparoscopy appendectomy according to co-morbidities	53
