بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

ACKNOWLEDGMENT

Praise to ALLAH, the master of the world, most gracious, most merciful.

Then, I wish to extend my profound thanks to Professor Dr. Abd El-Aziz Abbas Taalab, Professor of General Surgery, Minoufiya Faculty of Medicine, for his sustained support, continuous supervision and ultimate help.

I am especially grateful to Professor Dr. Mohammed Mahmoud Abd El-Ghaffar Professor of Chest Medicine and Tuberculosis Minoufiya Faculty of Medicine, for his assistance, great help, excellent suggestions and actual cooperation.

No words can justify and no expressions can help in presenting my cardinal feelings and gratitude to Dr. Ahmed Labib Dokhan Assistant Professor of Cardio-Thoracic Surgery, Minoufiya Faculty of Medicine, for his scientific suggestion, unfailing guidance, encouraging supervision, generous cooperation and criticism that were of utmost help during this work.

It is a sincere pleasure to express my sincere thanks and deepest gratitude to Professor Dr. Mahmoud Badawi Ibrahim, Professor and Head of General Surgery Department, Minoufiya Faculty of Medicine, for his continuous encouragement.

Special unlimited thanks and deepest feelings to Professor Dr. Olfat Eissa El-Sebaie Professor of General Surgery, Minoufiya Faculty of Medicine, for her great help and continuous support.

I would like to express my deep thanks to Dr. Nourane Yehia Lecturer of Chest Medicine and Tuberculosis, Minoufiya Faculty of Medicine, for her patience, tremendous effort, and great help in revision of this work.

Hearty thanks and gratefulness to all the staff members and workers in General Surgery Department, Minoufiya University; for their continuous cooperation and help.

Islam M Ibrahim
