ACKNOWLEDGMENT

ACKNOWLEDGEMENT

Praise be to Allah, the Merciful, the compassionate for all the countless gifts I have been offered, of these gifts, those persons who were assigned to give me a precious hand so as to be able to fulfill study. Some of them will be cordially acknowledged .

I am absolutely lucky to be supervised and directed by Prof. *Dr. Sanaa Aly Nour*, professor of obstetrics and Gynecological Nursing, faculty of Nursing, Zagazig university, who generously offered her sincere guidance, constructive criticism, valuable advice and support through out the whole steps of this work.

With considerable appreciation, I express my great indebtedness to *Dr. Safwat Abd-EL Rady Mohamed*, Assistant professor of Obstetrics and Gynecology, faculty of Medicine, Assiut university, who created the main subject for this research and kindly offered his remarkable experience and never-ending guidance Throughout the whole steps of this work.

I express my deepest thanks to *Dr. Sahar Nagieb Mohamed*, lecturer of obstetrics and Gynecological Nursing, faculty of Nursing, Assiut University. For her extra-ordinarily great help and support during the conduction of this work, her meticulous revision, creative comments and generous advice were essential for all milestones of development for this work.

Last, I feel much indebted to all students who kindly volunteered to participate in cornerstone for reaching the current conclusions.

Sahar A. Aly El-Shamandy,
