Non-Albumin Proteinuria in Lupus Nephritis with Tubulointerstitial Inflammation and its Clinical Significance

Thesis

Submitted for Partial Fulfillment of
Master Degree in **Internal Medicine**

By

Mariam Ahmed Mohamed Mamdouh

M.B., B.Ch., Faculty of Medicine, Ain Shams University

Under Supervision of

Prof. Dr./ Ashraf Mahmoud Okba

*Professor of Internal Medicine, Allergy and Clinical Immunology
Faculty of Medicine - Ain Shams University*

Dr /Mariam Maged Amin

*Assistant Professor of Internal Medicine, Allergy and Clinical Immunology
Faculty of Medicine - Ain Shams University*

Dr/ Nehal Elfawy Mahmoud

*Lecturer of Internal Medicine, Allergy and Clinical Immunology
Faculty of Medicine - Ain Shams University*

Faculty of Medicine - Ain Shams University

2020

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

قَالَ

سُبْحَانَكَ لَا عِلْمَ لَنَا
إِلَّا مَا عَلَّمْتَنَا إِنَّكَ أَنْتَ
الْعَلِيمُ الْعَظِيمُ

صدق الله العظيم

سورة البقرة الآية: ٣٢

Acknowledgments

First and foremost, I feel always indebted to **Allah** the Most Beneficent and Merciful.

I wish to express my deepest thanks, gratitude and appreciation to Prof.Dr./ Ashraf Mahmoud Okba, Professor of Internal Medicine, previous head of Allergy and Clinical Immunology Department, Faculty of Medicine, Ain Shams University, for his meticulous supervision, kind guidance, valuable instructions and generous help.

I am deeply thankful to Dr/Mariam Maged Amin, assistant professor of Internal Medicine, Allergy and Clinical Immunology, Faculty of Medicine, Ain Shams University, for her great help, outstanding support, active participation and guidance.

Special thanks are due to Dr/ Nehal Elfawy Mahmoud, Lecturer of Internal Medicine, Allergy and Clinical Immunology, Faculty of Medicine, Ain Shams University, for her sincere efforts, fruitful encouragement.

I would like to express my hearty thanks to all my family for their support till this work was completed.

Mariam Ahmed Mohamed Mamdouh

List of Tables

Table No.	Title	Page No.
Table 1:	Different autoantibodies present in SLE	20
Table 2:	Classification criteria for SLE diagnosis	32
Table 3:	2019 EULAR/ACR classification criteria for SLE.....	34
Table 4:	Investigations for suspected case of SLE and monitoring after diagnosis	37
Table 5:	SLE disease activity Index 2K (SLEDAI 2K)	40
Table 6:	Preliminary classification criteria for catastrophic antiphospholipid syndrome.....	48
Table 7:	SLE treatment strategies for mild, moderate and severe lupus	52
Table 8:	Drugs used in management of SLE and their follow up.....	53
Table 9:	Clinical features and laboratory investigations in different LN classes	70
Table 10:	Investigations of lupus nephritis	71
Table 11:	The International Society of Nephrology/Renal Pathology Society (ISN/RPS) classification	77
Table 12:	Modified activity and chronicity index of lupus nephritis by National Institute of Health	78
Table 13:	Recommended monitoring in lupus nephritis	78
Table 14:	Factors associated with poor prognosis of lupus nephritis.....	87
Table 15:	Causes of acute and chronic TIN	90

List of Tables cont...

Table No.	Title	Page No.
Table 16:	Comparison between NIH index and biopsy index.....	92
Table 17:	Inducers and inhibitors of EMT.....	106
Table 18:	SLE disease activity Index 2K (SLEDAI 2K)	116
Table 19:	The 2003 International Society of Nephrology and the Renal Pathology Society (ISN/RPS) pathological classification system.....	119
Table 20:	Demographic data of all participants	128
Table 21:	Systemic lupus disease activity indices 2K (SLEDAI-2K) before treatment	129
Table 22:	Laboratory investigations before treatment	130
Table 23:	Renal biopsy classes in the study group	131
Table 24:	Renal biopsy indices in the study group.....	131
Table 25:	Severity degree of interstitial nephritis according to the renal biopsy	132
Table 26:	The relationship between the degree of interstitial nephritis and parameters before treatment	133
Table 27:	Multivariate analysis for relationship between the severity of TIN and significant values before treatment	134
Table 28:	ROC curve for non albumin proteinuria before treatment between no-mild interstitial nephritis and moderate-severe Interstitial nephritis.....	135
Table 29:	Sensitivity and specificity of serum creatinine before treatment to TIN severity	136

List of Tables cont...

Table No.	Title	Page No.
Table 30:	Relationship between non albumin proteinuria and variables before treatment	137
Table 31:	Treatment received by the study group along the 6 months	135
Table 32:	Response to treatment after 6 months	136
Table 33:	Clinical and laboratory parameters before and after treatment	139137
Table 34:	Relationship between renal response and variables before treatment	1421
Table 35:	Multivariate analysis between renal response and significant variables from previous table34.....	1432
Table 36:	The relationship between the degree of interstitial nephritis and renal response after treatment	142
Table 37:	The relationship between the type of treatment and renal response	143
Table 38:	The relationship between non-albumin proteinuria before treatment and renal response	143
