APPROVAL SHEET

The thesis has been approved by the committee in charge on 14 / 8 / 2002

1. Prof. Dr. Hamed Mahmoud El Fatatry.

Professor of Analytical Chemistry

Faculty of Pharmacy

Tanta University.

2. Prof. Dr. Mohamed Abd El Kaway Ibrahim.

Professor of Analytical Chemistry

Faculty of Pharmacy

Cairo University.

3. Prof. Dr. Badr A. El Zeiny.

Professor and Head of Analytical Chemistry Department.

Faculty of Pharmacy

Cairo University.

4. Assistant Prof. Dr. Lories Ibrahim Bebawy.

Assistant Professor of Analytical Chemistry

National Organization for Drug Control and Research.

NOTE

Besides the work carried out in this thesis, the candidate has attended and successfully passed the postgraduate courses examination with the grades mentioned in the following:

<u>Subject</u>	<u>Grade</u>
• Quality Control	Excellent
• Stability Indicating Methods	Excellent
• Bioavailability	Excellent
• Instrumental Analysis	Good
• Computer and its Application	Good
• Searching in Literature	Very Good
• Statistics	Pass
• Higher Mathematics	Pass

Prof. and Head of Analytical Chemistry Department

Faculty of Pharmacy

Cairo University.

ACKNOWLEDGEMENT

I am deeply grateful to **Prof. Dr. Azza Aziz Mohamed Moustafa**, Professor of Analytical Chemistry, Faculty of Pharmacy, Cairo University for her advices, suggesting the point, keen supervision and constructive comments.

I am greatly indepted to **Assist. Prof. Dr. Lories Ibrahim Bebawy** for her kind guidance, beneficial discussions, continuous encouragement and sincere help offered during the supervision of the work.

It is a pleasure to acknowledge with sincere thanks and appreciation to **Prof. Dr. Badr A.El-Zeany**, Head of Analytical Chemistry Department, Faculty of Pharmacy, Cairo University for all the facilities that helped me to accomplish this work.

I wish to express my heartily thanks to my husband for his continuous help, effective supports and great encouragement.

Many thanks to my mother for her valuable advices and continuous prayers and to my brother for his kind help.

I would like to extend my thanks to all my colleagues in National organization for Drug Control and Research and in the Analytical Chemistry Department, Faculty of Pharmacy, Cairo University for their cooperation and encouragement.
